Wan 2. 8

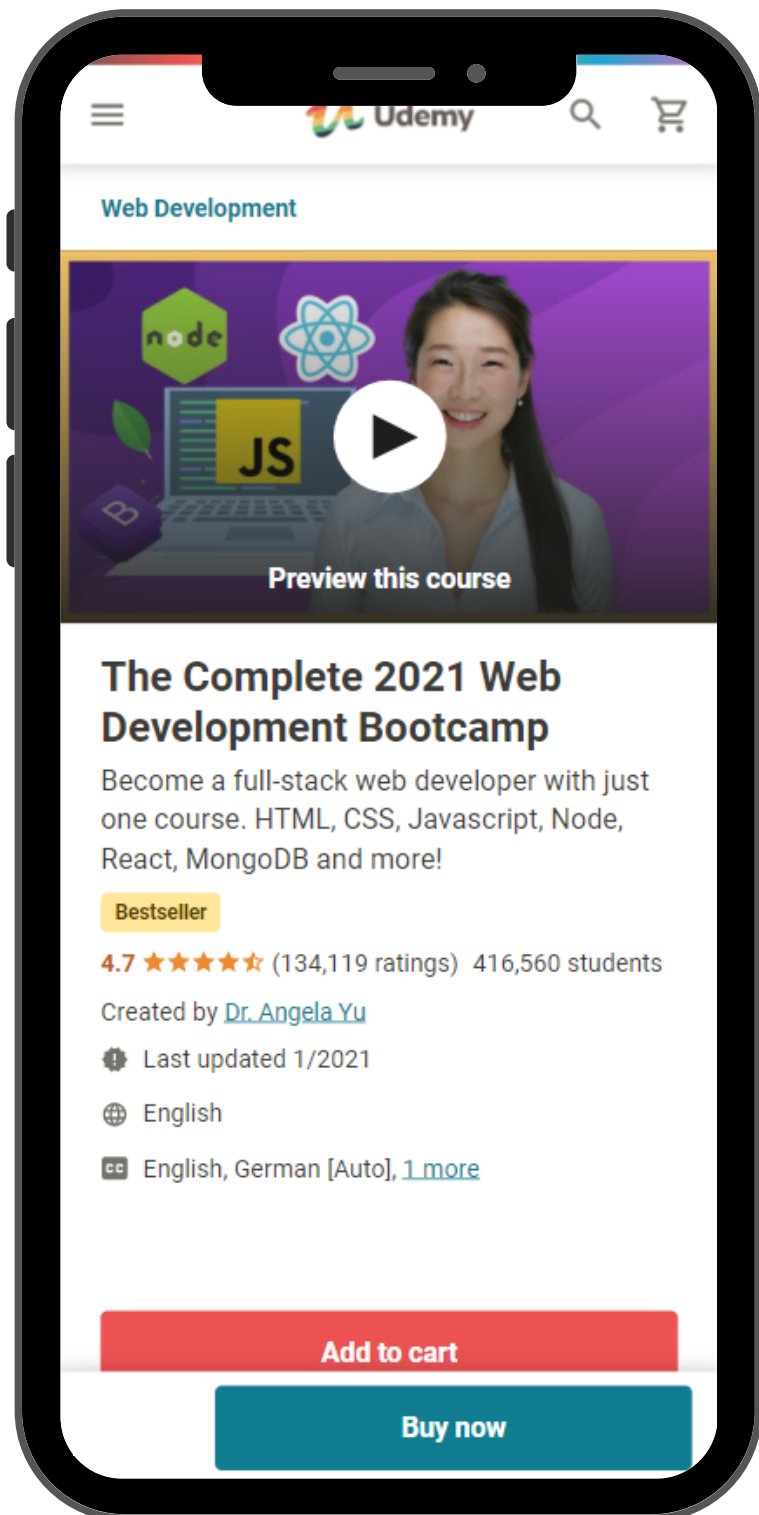

1. Microsoft Excel – Excel from Beginner to Advanced

I LOVE excel and genuinely believe it to be one of the best pieces of software ever made.

So many of my life decisions are made on it, and I think knowing how to use excel is an important life skill.

Wan 2. 8

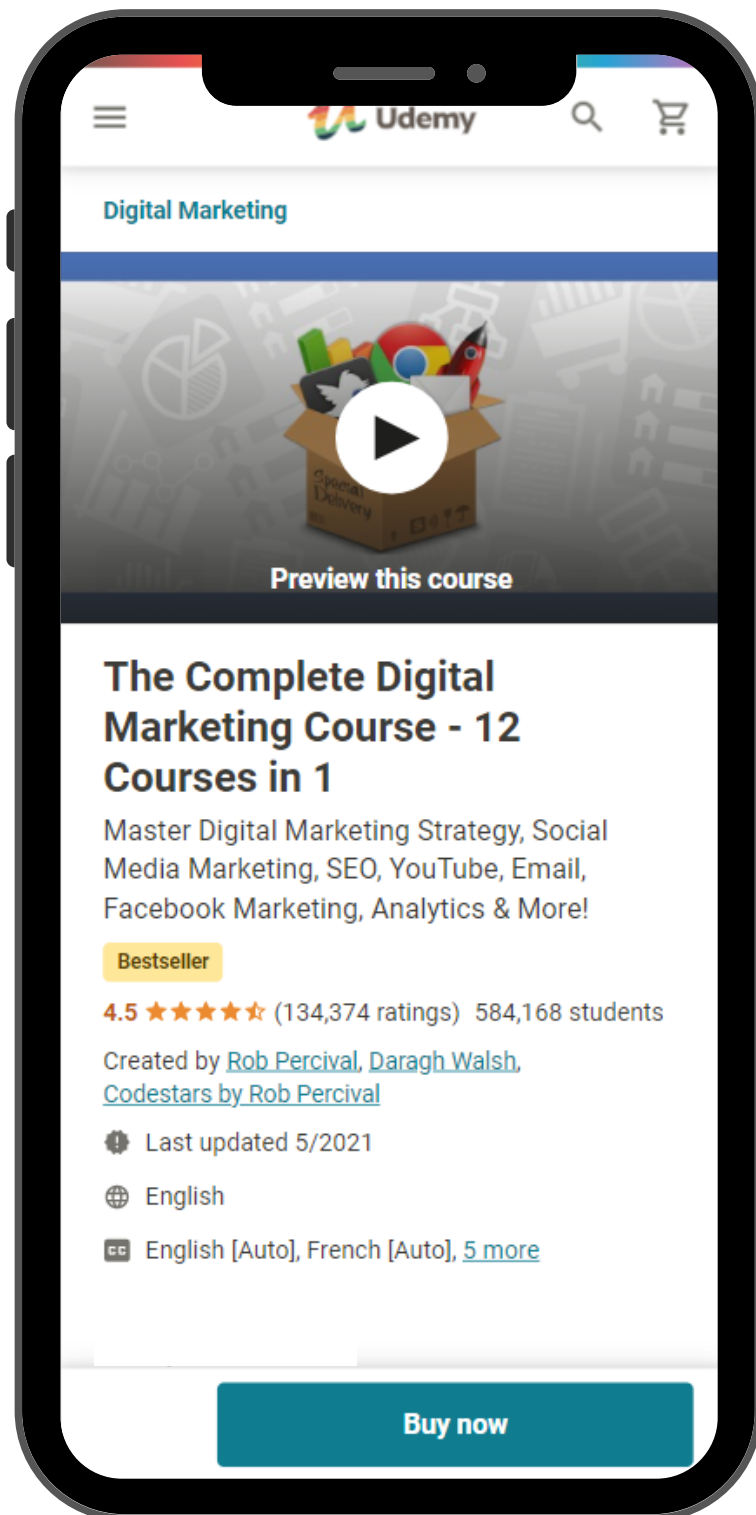

2. The Complete 2021 Web Development Bootcamp

While I live with no regrets, hand on heart, not knowing how to code is one regret. The ability to convert your thoughts into a consumable product is nothing short of magic!

Wan 2. 8

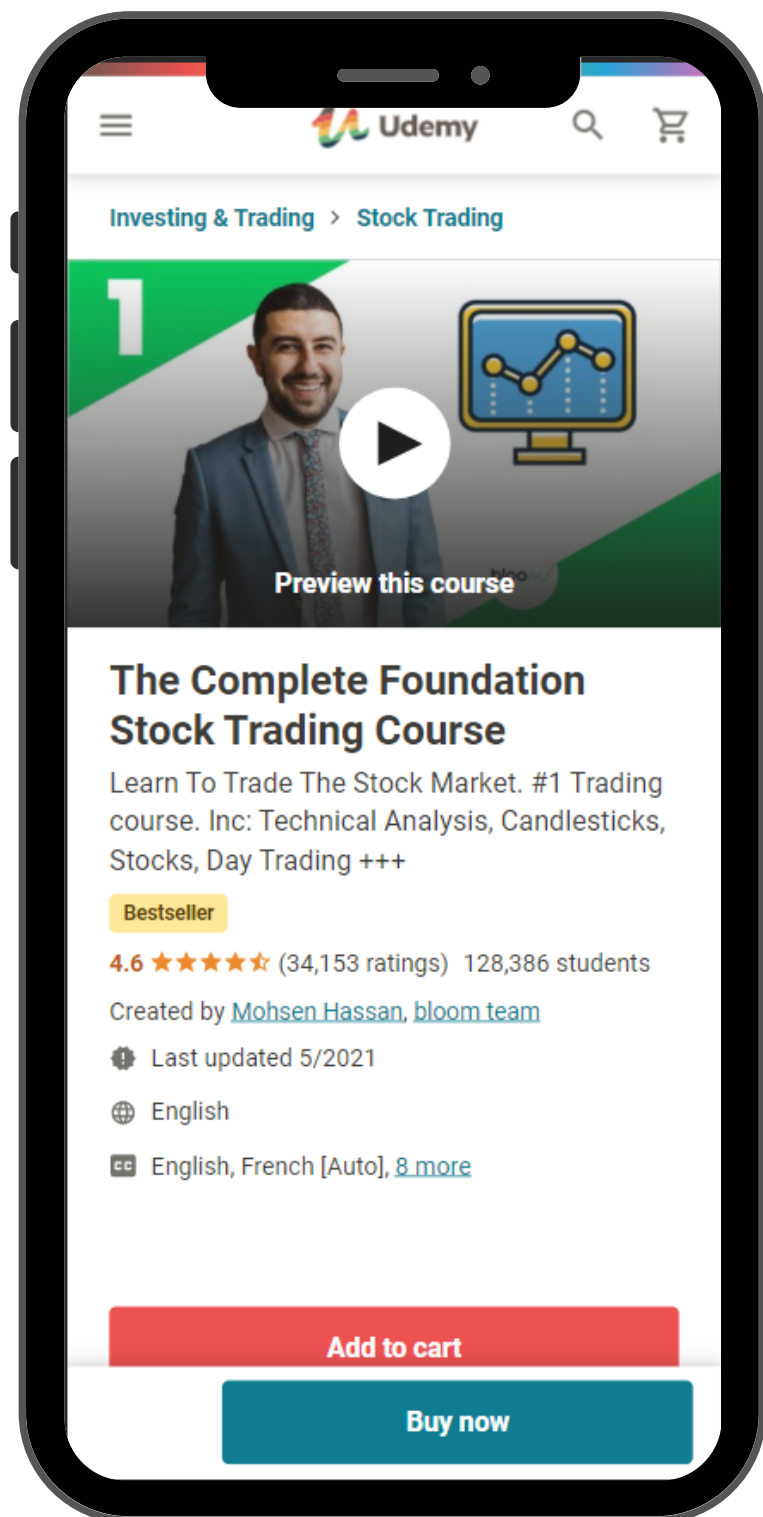

3. The Complete Digital Marketing Course

The skill to reach audiences digitally is going to be defining in the next 10-20 years.

While the platforms will change, the fundamentals don't.

Wan 2. 8

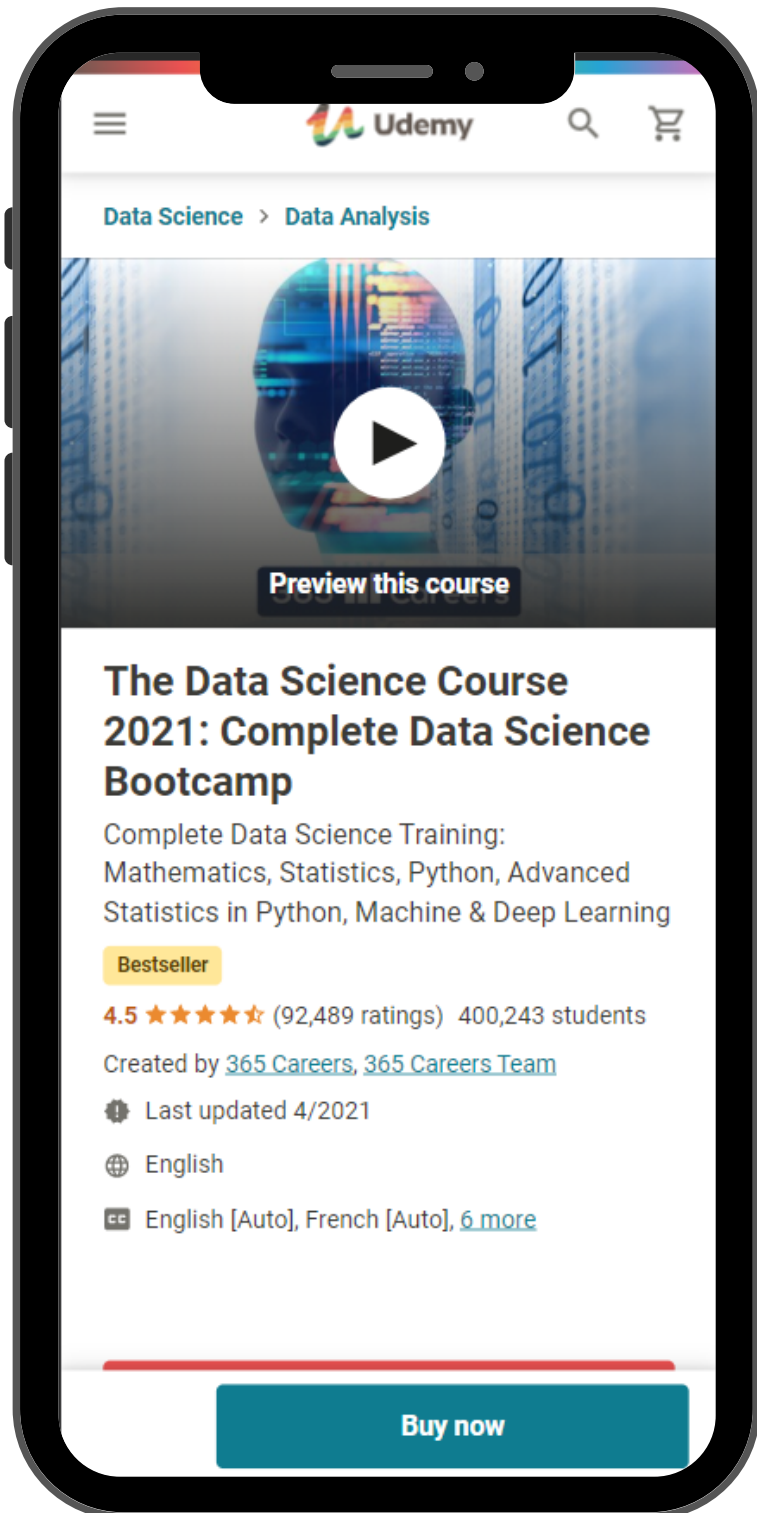

4. The Complete Foundation Stock Trading Course

In my 20s I frankly gambled my money away in stocks, thinking this is where "paisa dugana ho jata hai raato raat." I took a stock trading course 7 years back and I wish I had 20 years back!

Wan 2. 8

5. The Data Science Course 2021: Complete Data Science Bootcamp

The ability to consume, interpret and predict data is going to be such a powerful skill. Beyond humans, everything else can be understood through numbers.

Wan 2. 8

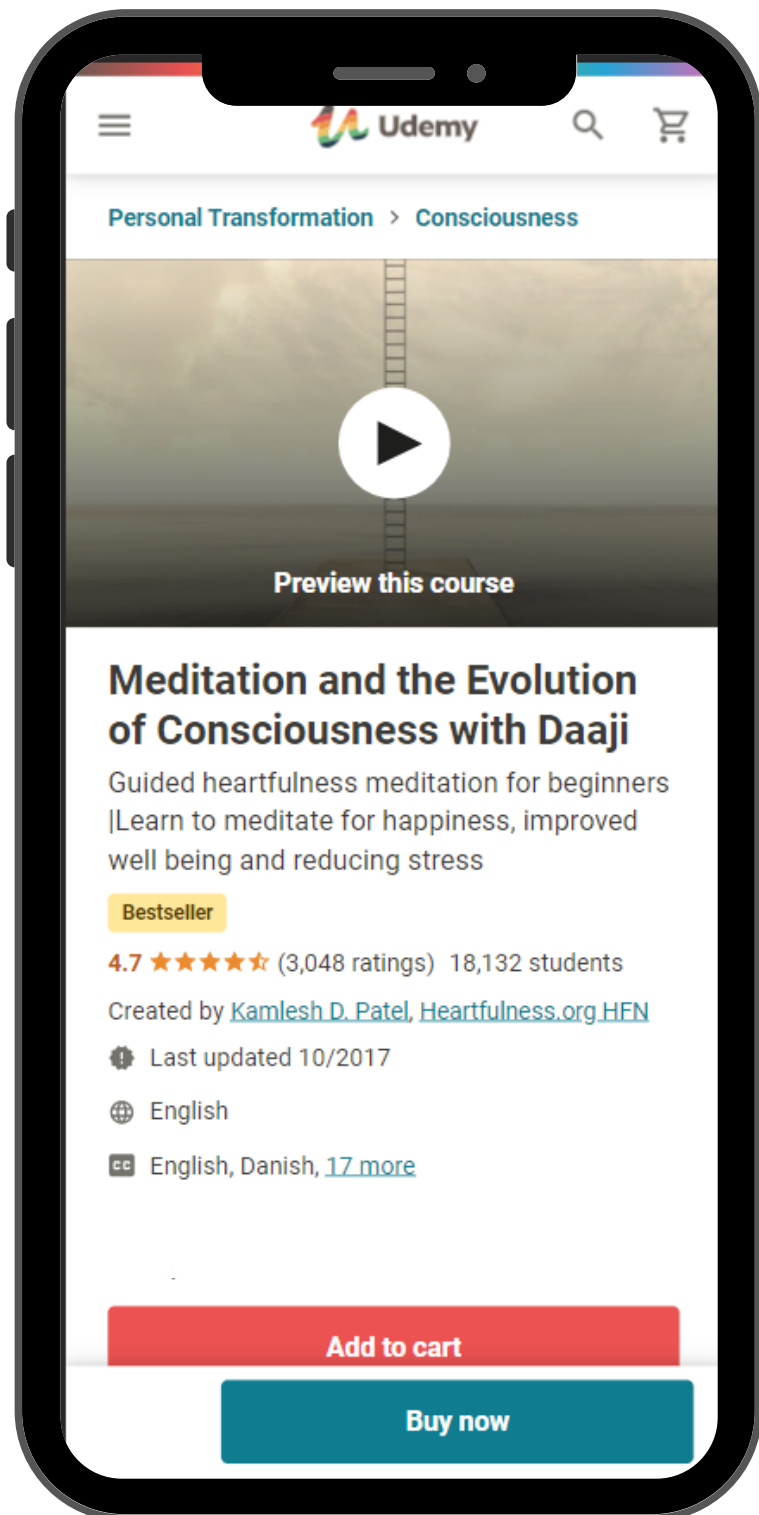

6. The Complete Cryptocurrency & Bitcoin Trading Course

Not because it is Crypto and you can make a quick buck. Instead, because it is Crypto and it is going to define a large part of the future.

Wan 2. 8

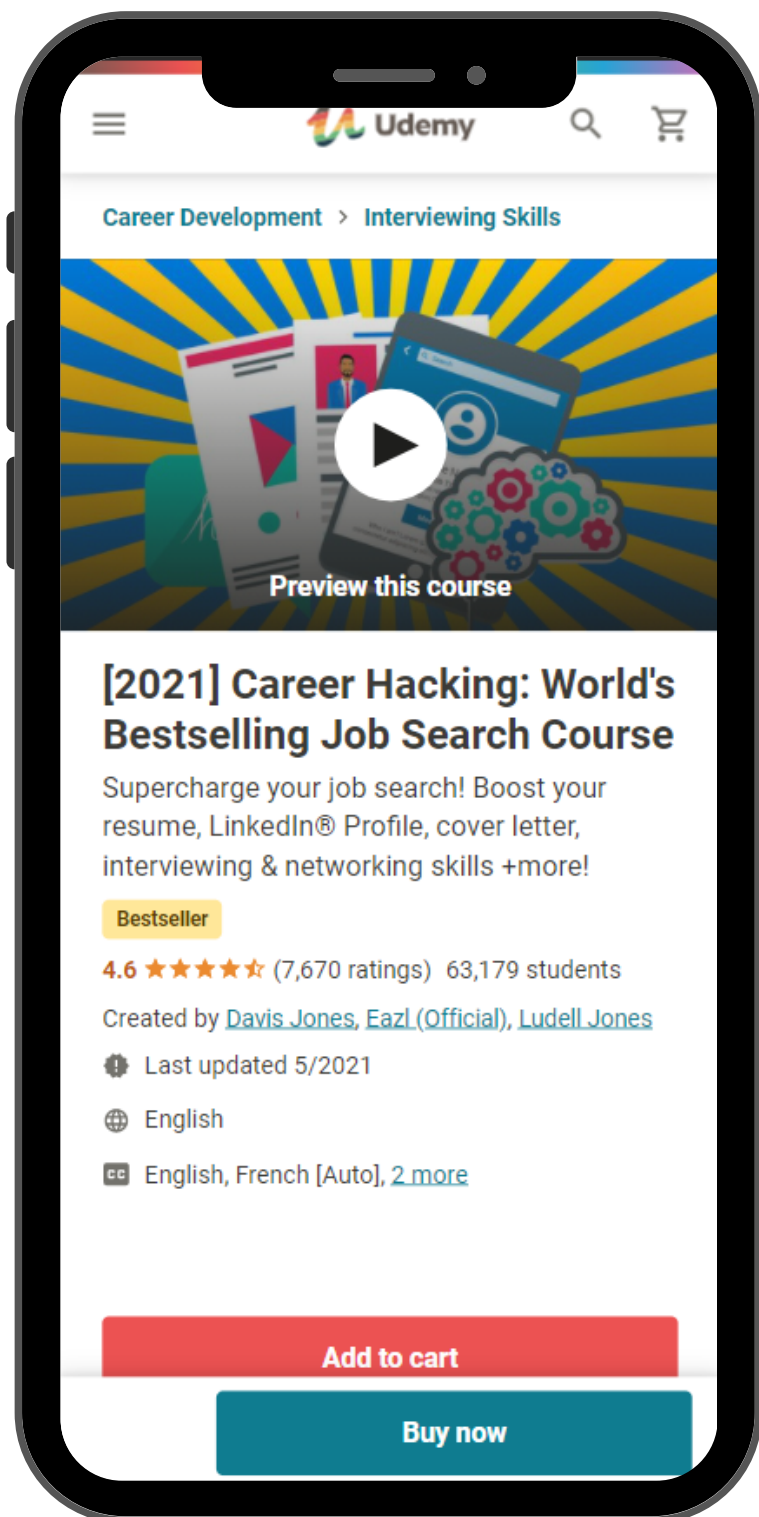

7. Meditation and the Evolution of Consciousness

In our 20s, we eat shit, we sleep odd hours, we abuse our body and our minds. Only a few recognize that investing in the mind during this decade will set one up for the rest of their life!

Wan 2. 8

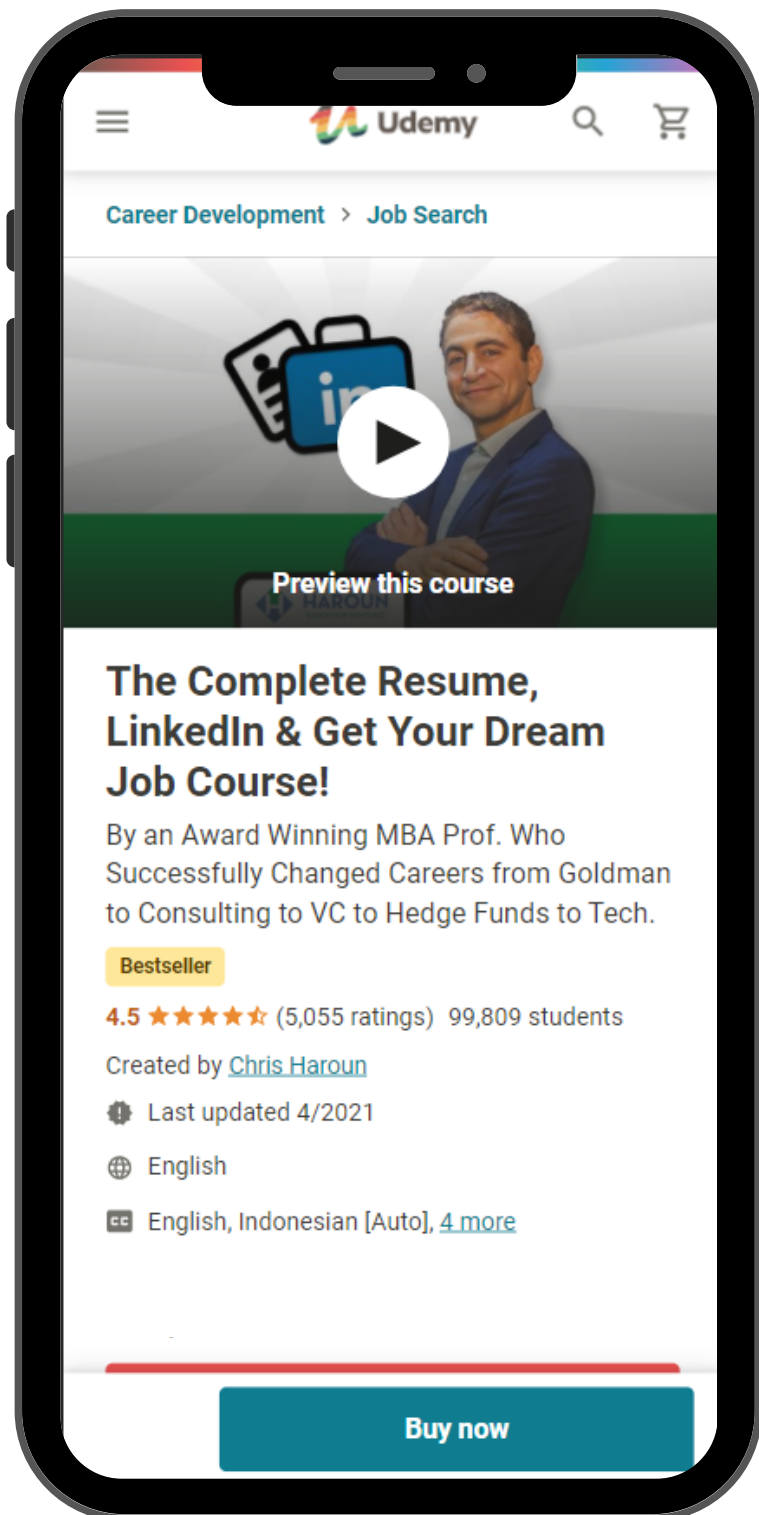

8. Career Hacking: World's Bestselling Job Search Course

The normal ways of planning your career are long over. And it is hard to predict how it will continue to change. What one can do then is to figure ways to always be prepared and aware.

Wan 2. 8

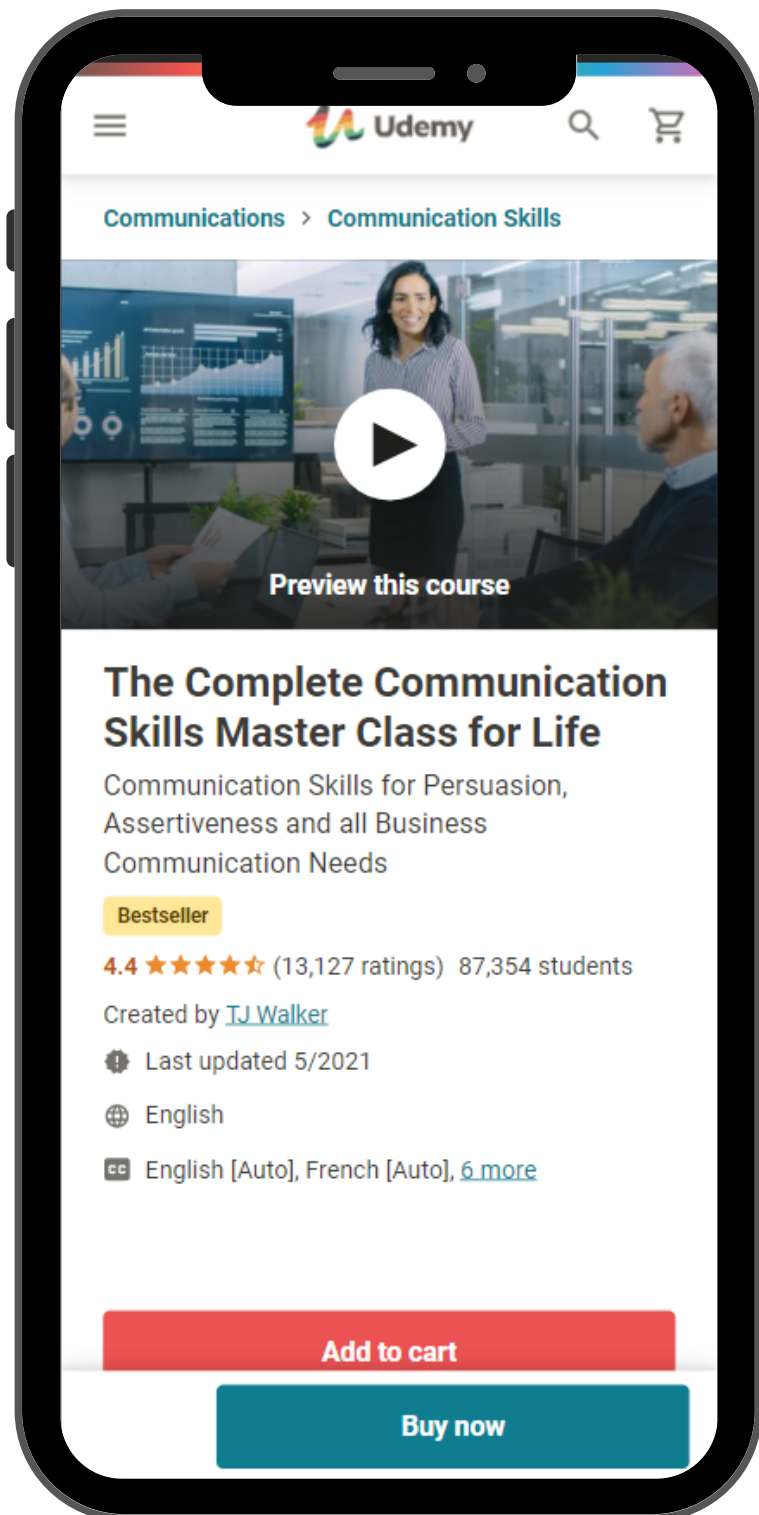

9. The Complete Resume, LinkedIn & Get Your Dream Job Course!

In this changed work order, the traditional routes of "let me apply through the job posting" is going to be less and less effective.

Wan 2. 8

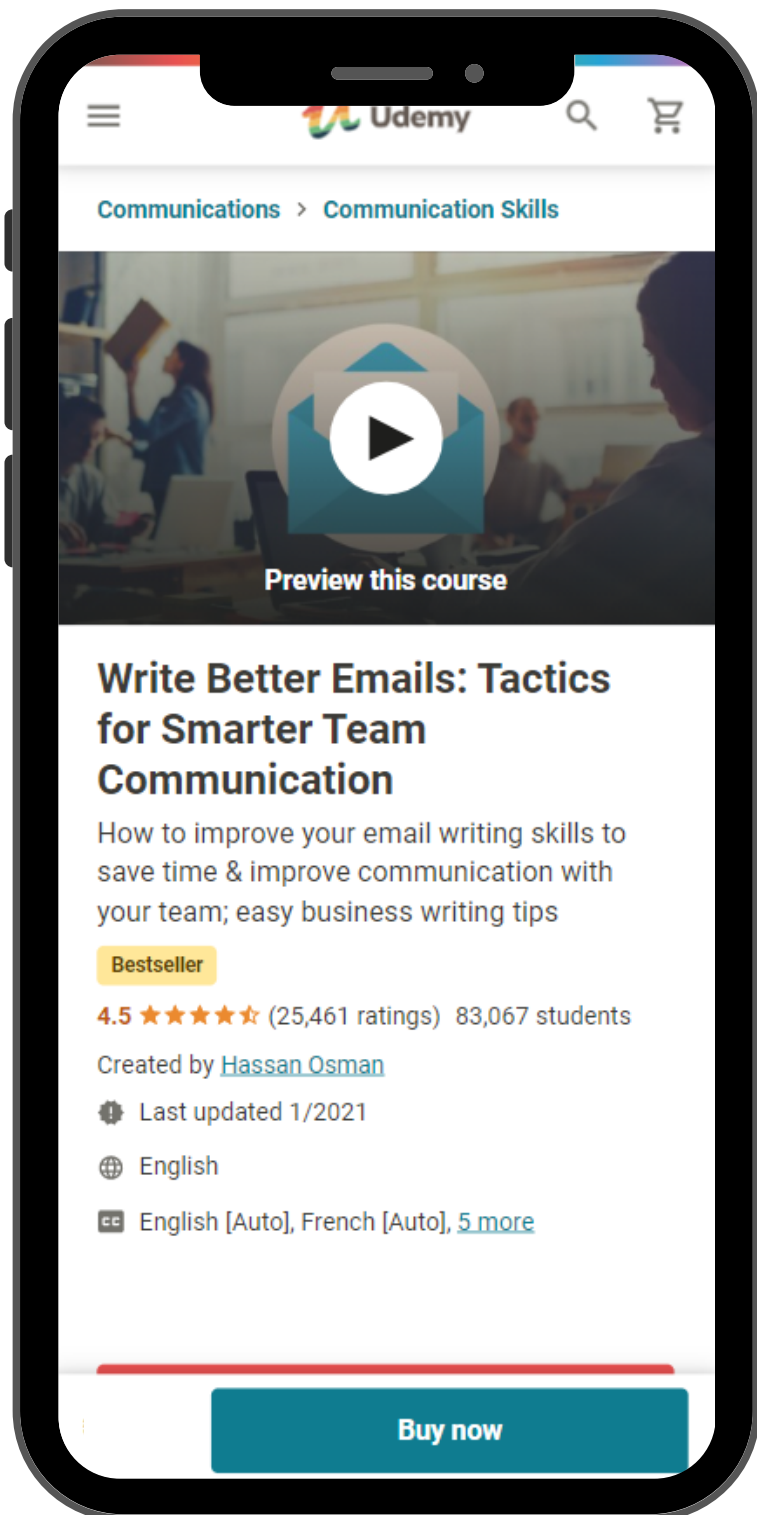

10. The Complete Communication Skills Master Class for Life

If there is one skill that I believe is closely linked to professional growth—one's ability to communicate well.

"One who owns the story owns the attention."

Wan 2. 8

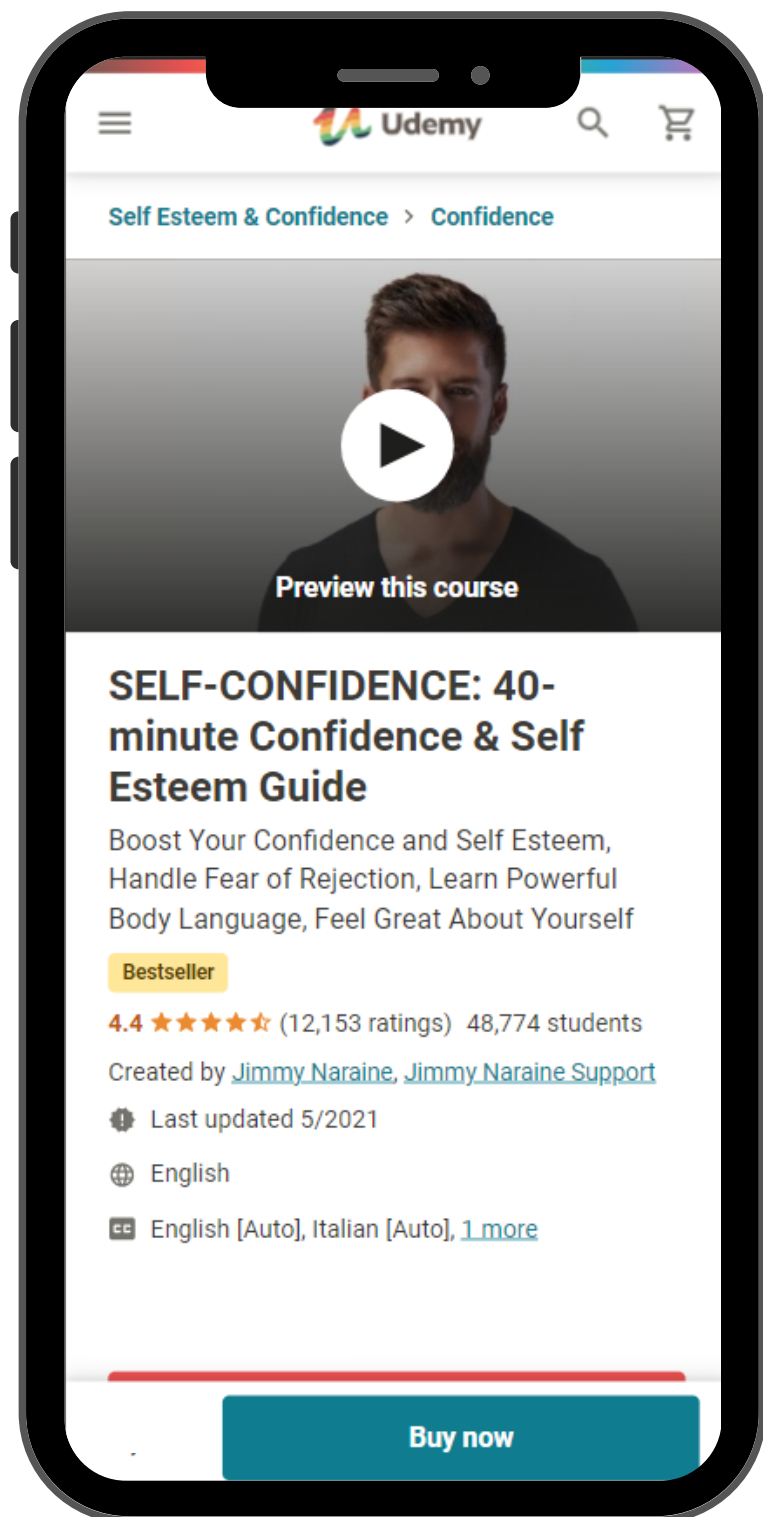

11. Write Better Emails: Tactics for Smarter Team Communication

I don't think emails are
going anywhere.
I don't think written
communication is going
anywhere. Mastering it
early gives you a skill
that serves you for the
rest of your life.

Wan 2. 8

12. SELF-CONFIDENCE: 40-minute Confidence & Self Esteem Guide

How we handle the fear
of rejection, interpret
signals from body
language, boost our
esteem – are in my
opinion far more
important in our 20s,
than any technical skill
out there!

Wan 2. 8

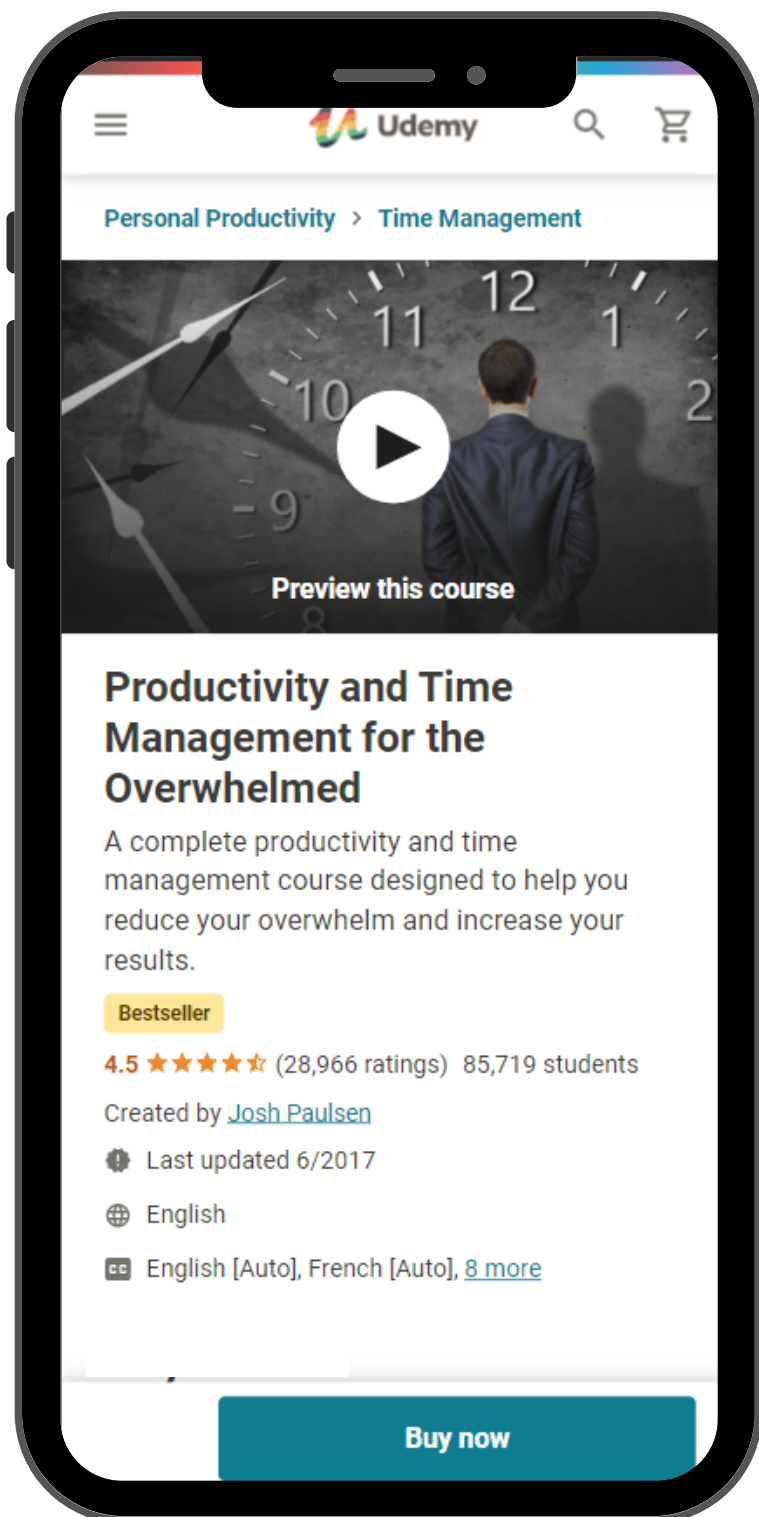

13. Become a SuperLearner®: Learn Speed Reading & Boost Memory

EVERYTHING that has ever happened in this world, is documented in a book. Imagine, if we developed the skill to read and more importantly to remember what we read!

Wan 2. 8

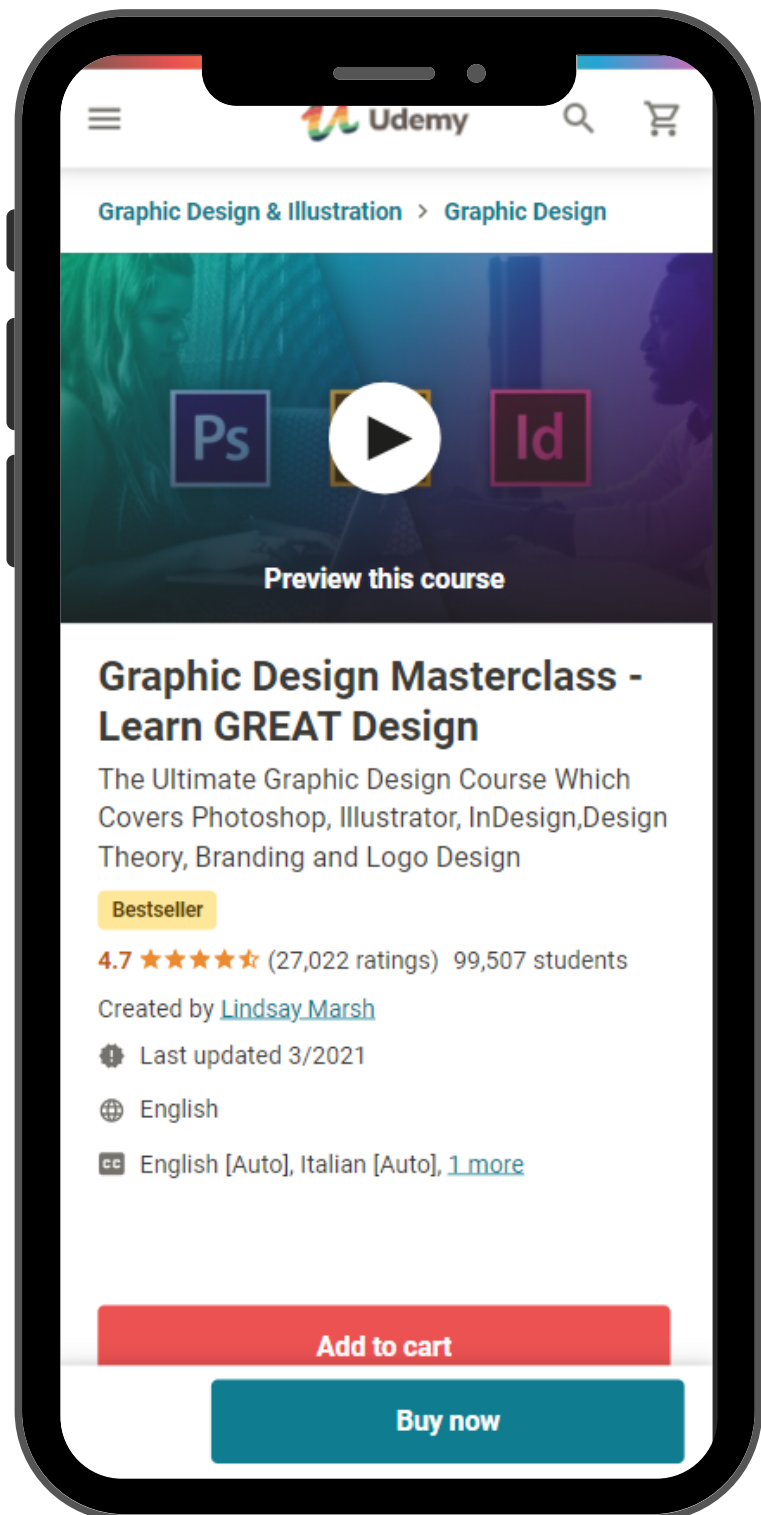

14. Productivity and Time Management for the Overwhelmed

If one can control their time, one can control anything!

Wan 2. 8

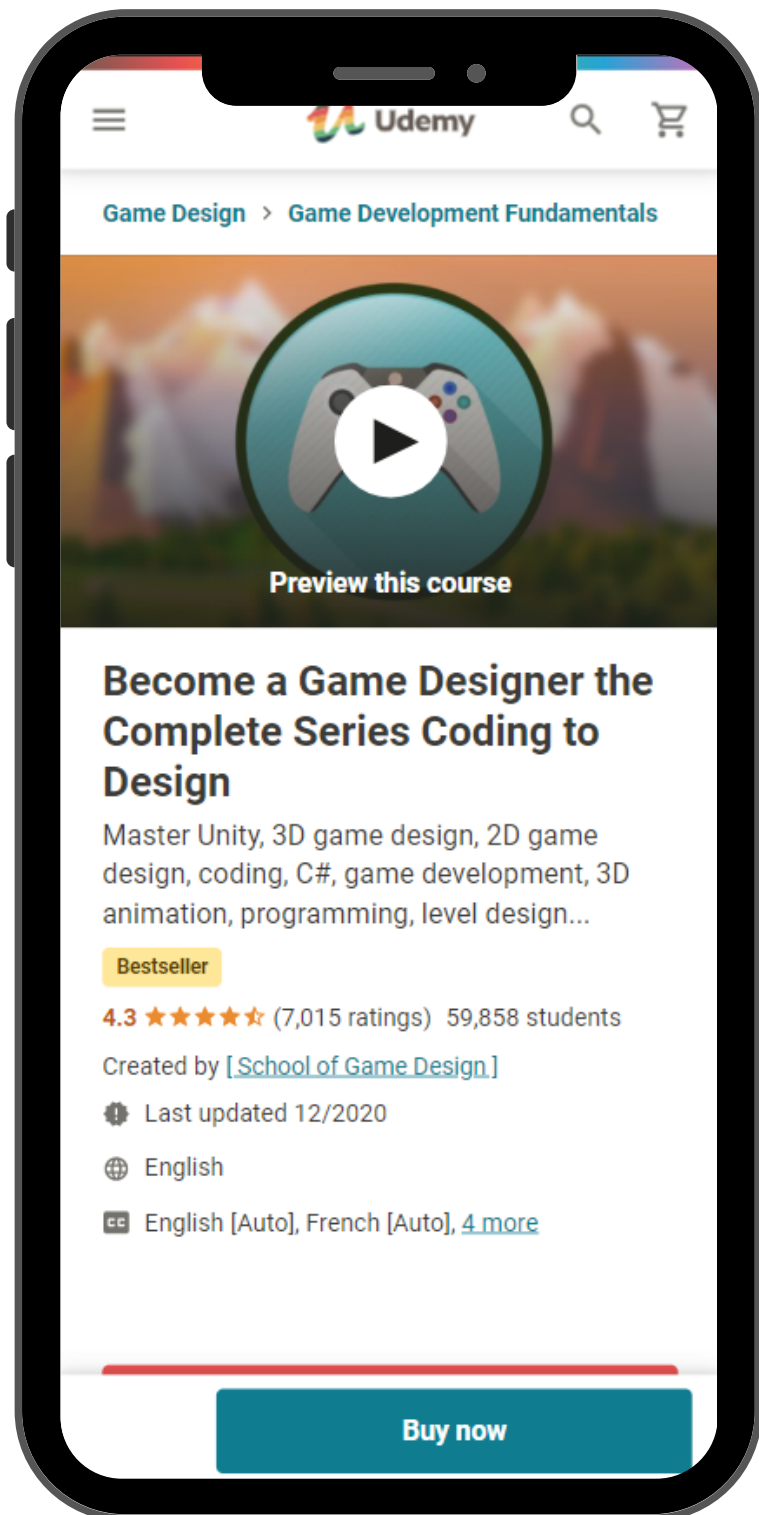

15. Graphic Design Masterclass - Learn GREAT Design

We respond to visuals more than words. So the ability to communicate visually, especially in a world of reducing attention spans, is such a superpower!

Wan 2. 8

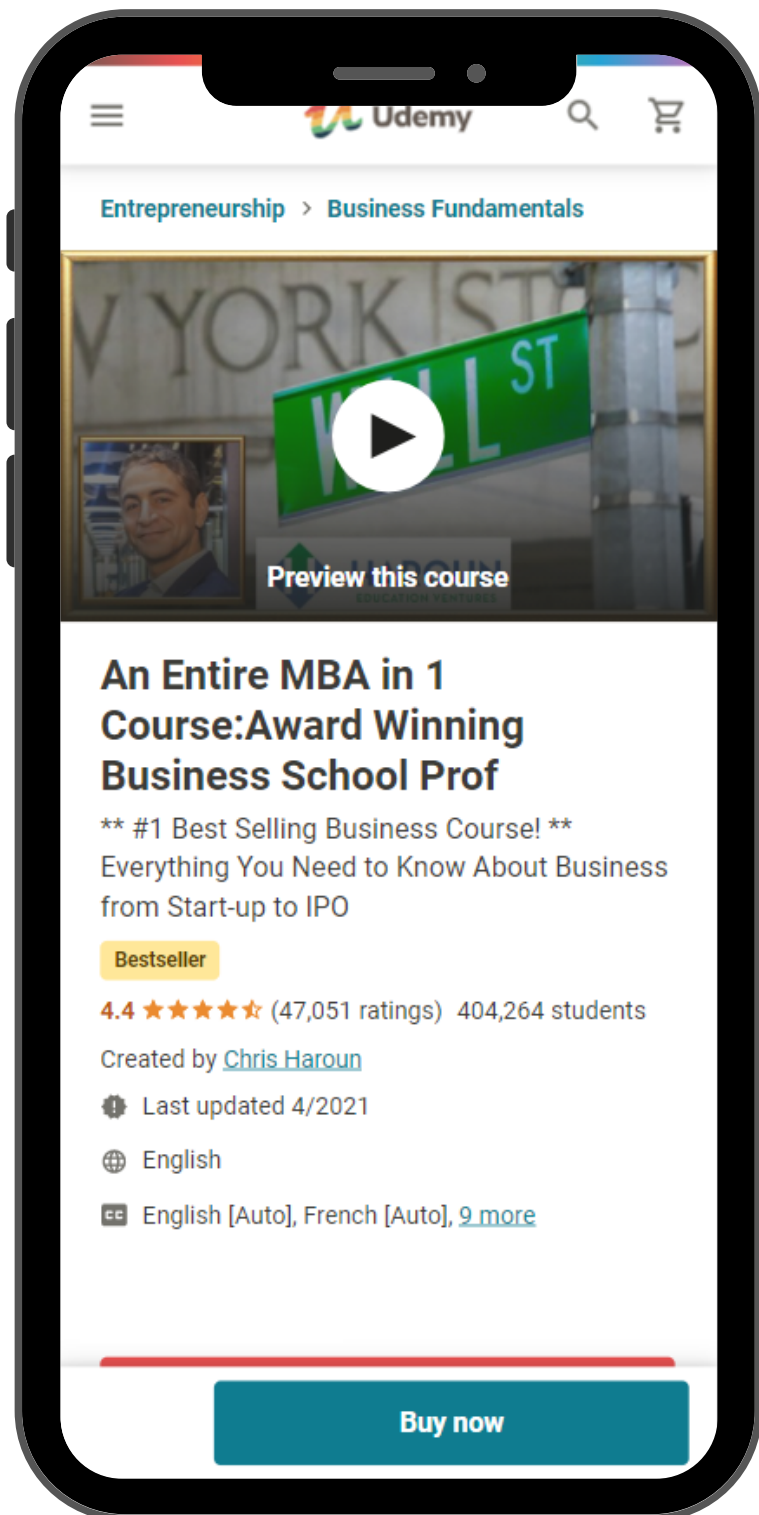

16. Become a Game Designer the Complete Series Coding to Design

The next 20 years are going to see the world adopt anonymity and spend endless hours "living" in a virtual world. Imagine being at the helm of it?

Wan 2. 8

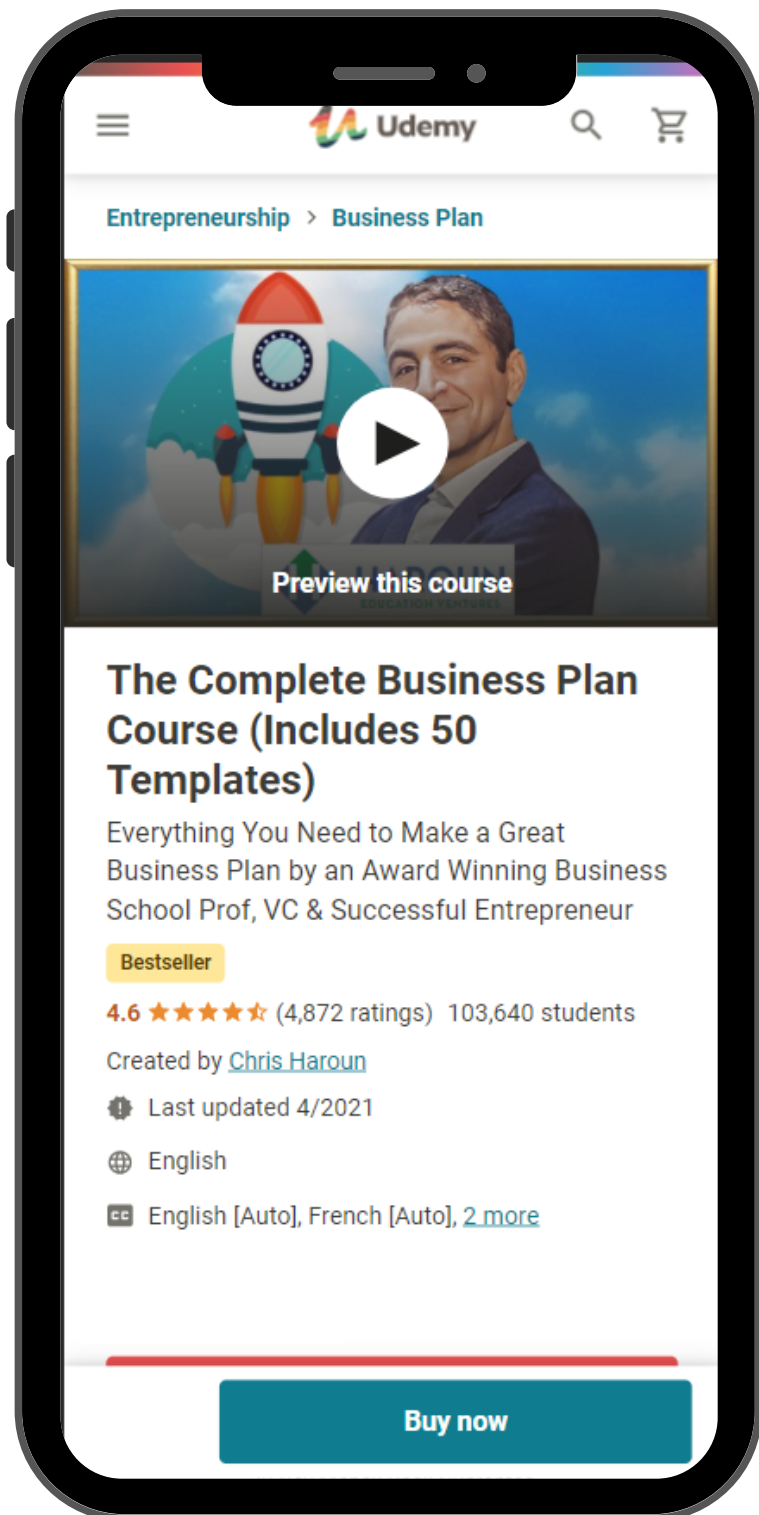

17. An Entire MBA in 1 Course

If you want to do an MBA only for what you learn from it, then you might as well learn it without the pain and time and money of it.

Wan 2. 8

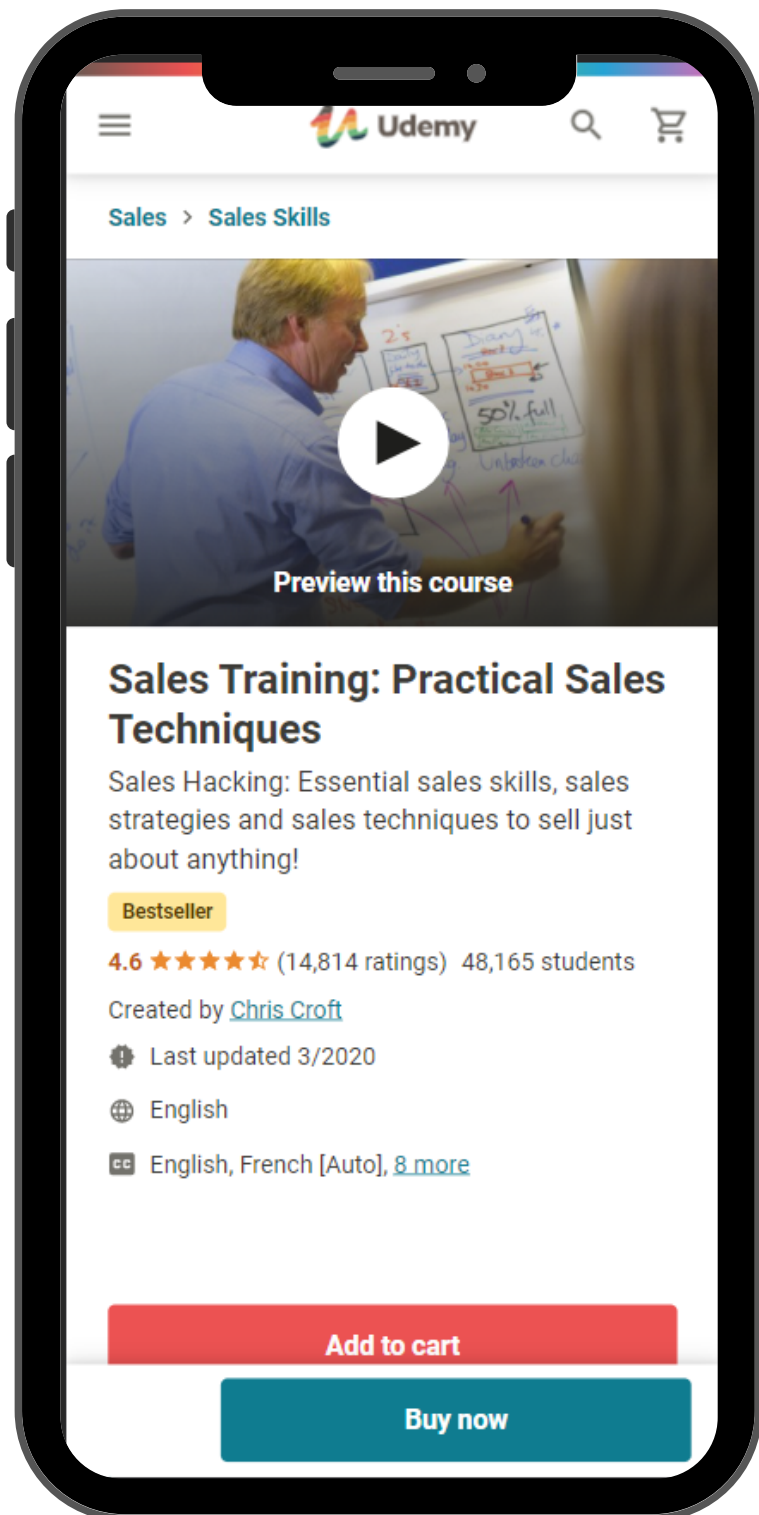

18. The Complete Business Plan Course (Includes 50 Templates)

A great starter for a startup founder – on how to build a business plan and think through your idea, before you begin working on it.

Wan 2. 8

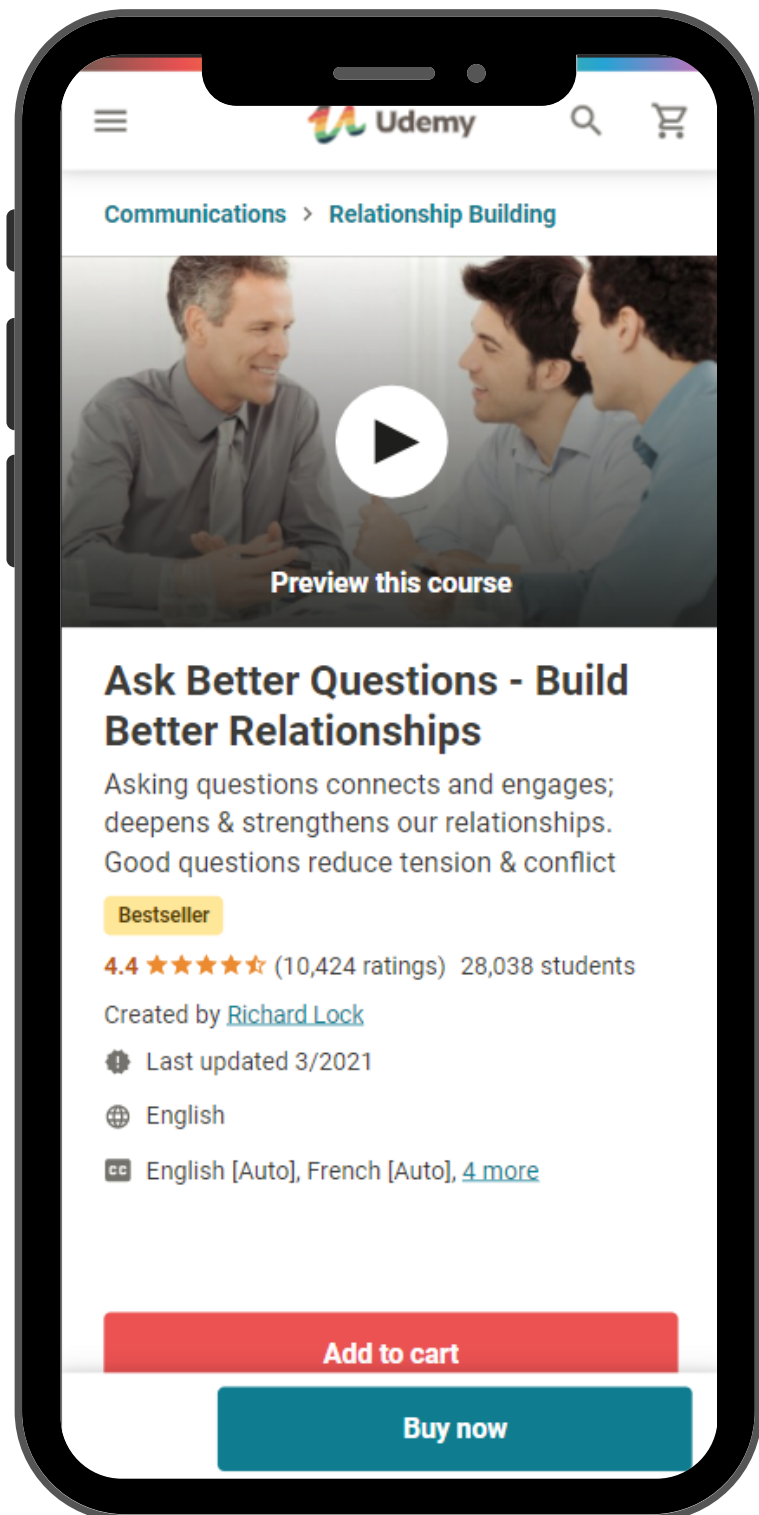

19. Sales Training: Practical Sales Techniques

If it were to me, I would ask everyone to go through a sales stint. Even if you are horrible at it, sales teaches you more about human psychology better than most other experiences out there.

Wan 2. 8

20. Ask Better Questions

I love asking questions.
And I think the ability to
do so shapes up one's
curiosity in meaningful
ways!

Wan 2. s

100% of my online learning is between Udemy, SkillShare and Youtube :)

The good part about these courses:

1. 30-day refund
2. On-demand classes
3. Lifetime access
4. Certificate of completion

Wan 2. 8

I am sure I have missed several courses that are just as good, if not better.

Please do share some of the best online courses that you have gone through. I would love to consume them and also gift them.

Wan 2. 8

“

The most successful people in our lives are not necessarily the ones who were good students, but the ones who always remained a student.

”
